(F) THE ADMISSIBILITY STATEMENTS TAKEN BEFORE COMMITMENT. -- Because of the extreme importance to the Bureau's investigative operations, your attention is called to the opinion of the Supreme Court on March 1, 1943, in the case entitled "McNABB et. al. vs. THE UNITED STATES."

SAC  
LETTER

In this case, the Court ruled that confessions which had been taken from defendants held in custody a period of 48 hours without having been delivered before a committing officer were, therefore, inadmissible in evidence. In support of this decision, the Court cited the empowering statutes which limit the functions of federal officers to make arrests and thereafter immediately taking the prisoner before the committing magistrate. It was indicated that a statement taken from the defendant during the period when the arresting officers were exceeding their authority by holding them without legal commitment was improper.

The above case was cited as authority in the case entitled "MITCHELL CLIFTON ANDERSON et. al. vs. THE UNITED STATES", decided the same day in which the defendants were held in custody six days by state authorities, but, during that period, were questioned by federal officers, resulting in the execution of statements against interest.

In reaching its decision, the Court specifically overruled the Government's contention that the statements should be admissible because they were voluntary.

In view of these decisions, I cannot impress upon you too strongly the necessity for strict compliance with the requirements of the act of June 18, 1934, authorizing agents of this Bureau to make arrests that "persons arrested shall be immediately taken before a committing officer."

NO. 68

SERIES 1943

TO THE DIRECTOR, ASSISTANTS TO THE DIRECTOR, ASSISTANT DIRECTORS,  
INSPECTORS, SUPERVISORS AND SPECIAL AGENTS IN CHARGE:

RE: CONFIDENTIAL CUSTODIAL DETENTION CARD FILE

In order to be adequately prepared for an emergency involving an enemy raid upon the seacoast of the United States it will be necessary for those field divisions whose territory covers part of the United States seacoast to have available an index showing the exact location of subversive individuals in any particular geographical area. In the event of such a raid or an invasion the Bureau would, no doubt, be requested to immediately apprehend and remove from particular geographical areas all individuals suspected of enemy sympathies.

In order to be prepared for such an emergency the confidential custodial detention card file should be immediately broken down geographically, as follows:

- 1 - By state
- 2 - By county
- 3 - According to metropolitan area, boroughs, or precincts, if necessary or advisable. In making this geographical break down you should anticipate utilizing the assistance of local police in removing subversive individuals in the event of an emergency and, therefore, this subdivision should correspond to the local police jurisdiction.

Mr. Tolson The above instructions are in addition to those set out in Section 16 B of the  
Mr. E. A. Tamm National Defense Manual.

Mr. Clegg \_\_\_\_\_

Mr. Coffey \_\_\_\_\_

Mr. Glavin Only those field divisions located on the United States seacoast

Mr. Nichols geographical break down. This geographical break down must be made for the

RE: FIELD DIVISION ARREST REGISTERS  
ALIEN ENEMY CONTROL

Reference is made to Bureau letter dated February 17, 1942 pertaining to the preparation and submission of Field Division Arrest Registers, the contents of which have been incorporated into Section 17 H (9) of the National Defense Manual.

You are informed that effective immediately the instructions pertaining to the submission of Weekly Arrest Registers to the Bureau, reflecting additions or changes made on the Permanent Arrest Register of your office, are amended to the extent that similar Registers should be submitted monthly rather than weekly. Appropriate corrections should be made on the Weekly Arrest Register Forms now being used to indicate that the Registers pertain to the current month, and they should be transmitted to the Bureau as set out hereafter.

In order to eliminate correspondence, it is desired that the Monthly Arrest Registers be transmitted to the Bureau as enclosures with your monthly letter giving the recapitulation of apprehensions under the Alien Enemy Control Program, which should be submitted to the Bureau as of 12:00 noon on the first Tuesday of each month. In the

Mr. Tolson above there have been no entries on a Permanent Register during the  
Mr. E. A. Tamm month, you should advise the Bureau to that effect in the same letter.  
Mr. Clegg The form letters previously provided for this purpose should no longer  
Mr. Coffey be used.  
Mr. Glavin be used.

Mr. Ladd \_\_\_\_\_  
Mr. Nichols \_\_\_\_\_ Section 17 H (9) of the National Defense Manual is being  
Mr. Rosen amended accordingly.

Mr. Tracy \_\_\_\_\_  
Mr. Carson \_\_\_\_\_ With regard to the monthly recapitulation letter referred to  
Mr. Harbo above, you are requested to set out the following information regarding  
Mr. Hendon the number of apprehensions reported by each alien enemy classified as a

MEMORANDUM FOR THE COMMISSIONER  
IMMIGRATION AND NATURALIZATION SERVICE

During the course of numerous investigations conducted by this Bureau concerning alleged alien enemies who are reported for violating regulations that apply only to alien enemies, it has been ascertained, after considerable investigation, that they have become citizens by naturalization and, therefore, are not subject to the regulations that apply only to alien enemies.

I would like to suggest that consideration be given to a plan whereby the various Offices of the Immigration and Naturalization Service would notify the Field Offices of this Bureau when an alien enemy residing within the territory covered by that Field Division becomes a naturalized citizen.

This information would be of great assistance to this Bureau in view of the large number of investigations made concerning alien enemies who have violated the various regulations that apply only to individuals within this category. It would be appreciated if you would advise me at your earliest convenience of your comments upon this suggestion.

(B) INTERNAL SECURITY - ALIEN ENEMY CONTROL - FIELD DIVISION ARREST REGISTERS.--

Some Field Offices apparently have interpreted the Bureau's letter of August 13, 1942, advising that it would no longer be necessary to transmit to the Bureau weekly the unexecuted arrest registers, as authorization to discontinue transmitting to the Bureau the weekly Field Division arrest register forms. It is necessary that the practice of transmitting to the Bureau the weekly arrest register forms be continued in order that the Bureau records may be complete and current.

It will no longer be necessary to transmit to the Bureau the teletypes recapitulating all apprehensions which have hitherto been required not later than noon of the first Tuesday of each month. The same information should now be transmitted to the Bureau by letter. These letters must reach the Bureau not later than noon on the first Tuesday of each month.

It is still required that each individual apprehension of an alien enemy be promptly reported to the Bureau by teletype.

(C) INTERNAL SECURITY - ALIEN ENEMY CONTROL - INTERNMENT OF DEPENDENTS OF ALIEN ENEMIES. -- The Alien Enemy Control Unit of the Department of Justice has advised that in view of the fact that the dependents of many interned alien enemies meet with economic and other difficulties which, in addition to the internment of members of their families, embitters them to an extent creating a security problem, the Unit is initiating a program whereby such dependents may be interned together with the members of their families who are already held in custody.

*Summary* RE: CUSTODIAL DETENTION CARDS

Dear Sir:

There follows hereafter a list of the individuals for whom active custodial detention cards are maintained in the Bureau together with the address of each individual. This list does not include alien enemies or individuals who have been inducted into the Armed Forces inasmuch as these cards should have been placed in the investigative files.

It is desired that you check this list against your confidential custodial detention card file in order to determine whether any discrepancy exists between your records and the records maintained at the Bureau. In the event such a discrepancy exists, the Bureau should be advised by separate letter bearing the appropriate caption for each case.

In order that this list may be accurate, it is believed that the full name in each case should be listed on the custodial detention card. Therefore, wherever the full name has not as yet been ascertained, an effort should be made to obtain this information in order that the custodial detention card may be complete. With regard to ~~██████████~~, who is listed under the classification "Unknown Citizenship", an effort should be made to obtain his citizenship status at the earliest possible moment.

It is expected that the check made against your confidential custodial detention card file will be made in a thorough manner in order that no discrepancy will exist.

Very truly yours,

(A). ALIEN ENEMY PAROLEES. -- The Bureau has recently received a copy of certain instructions relative to alien enemy parolees, which were issued to all District Directors of the Immigration and Naturalization Service. For your information, a summary of these instructions is set out:

The Immigration and Naturalization Service has directed that thorough investigations be conducted at irregular intervals in the cases of all alien enemy parolees (with the exception of those within War Relocation Centers) to determine whether the aliens are complying with the conditions of parole and the alien enemy regulations. The frequency of these investigations should be determined by the particular circumstances of each case, but not more than six months should elapse between such investigations in any individual case. The investigation should be along the lines suggested by the information which was presented or developed at the alien enemy hearing, and should include appropriate inquiry of the likely sources of information concerning the conduct and activity of the alien enemies. Included in the report of such investigation, there should be a recommendation by the investigating officer as to whether or not parole of the alien enemy should be continued. In the event of a violation of parole, or if some reason for another hearing is indicated, a copy of the report should be immediately furnished the appropriate United States Attorney.

In every instance where an investigation is proposed by a local office of the Immigration and Naturalization Service, the appropriate FBI Field Office should be notified by letter that such an investigation is planned for a specified date at least ten days in advance of the date of the notification letter. The notification to the FBI Field Office will state that the inquiry will proceed as scheduled except upon the receipt within that ten day period of a written request from the FBI Field Office to defer the investigation on the ground that it would interfere in some manner with action which the FBI might be taking or contemplating in connection with the case of the alien enemy. Also included in the letter of notification should be a request for any information in the possession of the FBI which might be pertinent to the parole status of the alien and which has not previously been made known to the Immigration and Naturalization Service.

In any case where the FBI Field Office requests that investigation by the Immigration and Naturalization Service be deferred, this request should be complied with. In the event no request for deferment is received, the investigation should be conducted as contemplated, but any information discovered which might be of value to the FBI in the discharge of its functions should be promptly transmitted to the appropriate FBI Field Office.

It will be noted from the above summary that the Immigration and Naturalization Service intends to investigate the activities of alien enemy parolees for the primary purpose of determining whether or not they have complied with the terms of their paroles, and not with the thought in mind of securing information as to their continued engaging in subversive activities. Furthermore, the local offices of the Immigration and Naturalization Service have been instructed to forward any information which they may secure relative to an alien enemy parolee's engaging in subversive activities to the appropriate Field Office of the Bureau. The Immigration and Naturalization Service has jurisdiction over such investigations since that service has been charged with the administration of the paroles of alien enemies.

Field Offices should, therefore, furnish all pertinent information relative to alien enemies thus being investigated to the appropriate offices of the Immigration and Naturalization Service upon the receipt of requests for this information. Care should be taken, of course, that the identities of confidential informants of the Bureau are properly protected. Each Field Office should also make adequate arrangements with the Immigration and Naturalization Service in its Field Division to be promptly advised of any information coming to the attention of that service which would indicate that any alien enemy parolee has engaged in subversive activities subsequent to his parole, since the investigation of such activities is still within the primary jurisdiction of the Bureau and will not be carried on by the Immigration and Naturalization Service.

In addition to 883 apprehensions, as indicated in the above schedule, the Bureau has been advised that Presidential warrants have been requested of the Attorney General in 55 other cases. These recommendations are still pending in the Department.

In connection with the foregoing tabulation, I desire to point out that the 883 apprehensions constitute approximately 15% of the total of 5801 German alien apprehensions which have been effected to date in the United States. This percentage indicates that approximately one out of every six Germans apprehended has purchased or made application to purchase Rueckwanderer Marks. In the majority of these cases, investigation was initiated upon determining that the individual had invested or intended to invest in Rueckwanderer Marks. It is to be further noted that the 399 Rueckwanderer Mark purchasers who have been interned upon order of the Attorney General represent approximately 21% of the total of 1,918 German aliens who have been interned as of July 13, 1943, in the United States.

As of the above date, 30 of the 89 persons whose citizenship has been revoked under the Denaturalization Program were persons who purchased or made application to purchase Rueckwanderer Marks. This number indicates that slightly over one out of every three persons who has been denaturalized invested in Rueckwanderer Marks with the intention of returning to Germany. The above number constitutes approximately 34% of the total number of persons who have been denaturalized.

I also desire to point out that approximately 364 Rueckwanderer purchasers were found at the time of investigation to be employed in plants engaged in the manufacture of essential war materials. The reports covering the results of these investigations have been furnished to the offices of the Military Intelligence Service and Naval Intelligence, and information has been received from these agencies that on the basis of the Bureau's reports and

Memorandum for Mr. Ladd

subsequent investigation by either G-2 or ONI approximately 45 of this number have been ordered discharged from their employment by either the Secretary of War or Navy. Many of the other employees have either been transferred to other departments in unrestricted areas within the plant or are under close observation by plant officials or trusted employees.

Respectfully,

MEMORANDUM FOR THE DIRECTOR

The Executives Conference, those present being Messrs. E. A. Tamm, Nichols, Carson, Tracy, Ladd, Rosen, Hendon, Glavin and Hince, considered the suggestion of Special Agent in Charge S. J. Drayton that the Chicago office be permitted to utilize a form letter for the purpose of communicating with police departments in the making of requests for verification of the resident addresses of custodial detention subjects.

The Conference considered that the letter was a desirable one and that there is a sufficient use of such letters to justify the utilization of a form. The Conference believed, however, that the form should be made more general so as to apply to the field as a whole and that the field should be advised of the existence of such a form so that it might be used.

RECOMMENDATION: If approved, the form letter, as amended and attached, will be made available to the field.

Respectfully,  
FOR THE CONFERENCE

Clyde Tolson  
Chairman

W. R. Glavin  
Secretary

Re: FORM LETTER FOR VERIFYING RESIDENCE ADDRESSES  
OF CUSTODIAL DETENTION SUBJECTS.

Dear Sir:

Reference is made to Bureau letter No. 305, Series 1943, dated July 23, 1943, captioned as above.

It is noted that in the form letter attached to referenced letter there is no space provided for verification of the subject's business address, which address is listed on the custodial detention card. Previous Bureau instructions have stated that both business and residence addresses should be checked and arrangements perfected so that the Field Office will be advised of any change of residence or business address on the part of the subject of any card.

In view of this fact, it is requested that permission be granted the Buffalo Office to use the attached form letter in connection with the verification of addresses and employment of custodial detention subjects. Unless advised to the contrary by the Bureau, this form will be utilized.

Very truly yours,

MEMORANDUM FOR THE ATTORNEY GENERAL

Reference is made to your memorandum of July 16, 1943, addressed to Assistant Attorney General Hugh B. Cox and the undersigned, directing that the tentative dangerousness classifications heretofore made by the Special War Policies Unit in certain cases be not regarded as a determination of fact in any sense and that in the future they be not used for any purpose whatsoever.

This Bureau will, of course, immediately comply with the instructions detailed in your memorandum.

In reviewing the memorandum submitted to you by Mr. L. M. C. Smith under date of June 28, 1943, relative to the "Special Case procedure", it is noted that, although his meaning is not clear, Mr. Smith apparently intends an adverse criticism of this Bureau in stating that "While it is true that, over the protest of this Unit, many individuals were apprehended without regard to the system of classification, I am convinced that the careful formulation of procedures and of criteria for dealing with alien enemies exercised a restraining influence on any tendency towards indiscriminate apprehensions."

In order to keep the record clear, I want to point out that early in the evening of December 7, 1941, Mr. Joseph Prendergast and Mr. Edward J. Finn brought to my office a list prepared by Mr. Smith's Unit, then known as the Special Defense Unit, setting out the names of Japanese who were to be apprehended. I then telephoned Acting Attorney General Charles Fahy to make certain that this Bureau could proceed with the arrest of the individuals listed. Mr. Fahy advised that the Bureau should proceed with this list and with any others that should be arrested. I told Mr. Fahy that we could not do this because Mr. Clegg's authority had been taken from me and placed in the hands of Mr. Smith. Mr. Coffey then told me that he authorized me to proceed with the list submitted and with any others the Bureau saw fit to include. With respect to Germans and Italians, I was furnished with lists of names on December 8, 1941, together with instructions to apprehend the individuals listed and all other such alien enemies deemed by this Bureau to be dangerous to the public peace and safety of the United States.

Concerning Mr. Smith's complaint that many individuals were apprehended without regard to the system of classification and his statement that the careful formulation of procedures and criteria for dealing with alien enemies exercised a restraining influence on any tendency towards indiscriminate apprehensions, it may be stated that a spot check of fifty-five names

selected at random from the first list of German aliens to be apprehended, which was prepared by Mr. Smith's Unit and furnished to this Bureau, disclosed that, according to the dossiers prepared by this Bureau, twenty-five of the fifty-five individuals were aliens, twenty-five were of unknown citizenship, and five were citizens of the United States. Four of the persons of unknown citizenship were Communists.

In his memorandum of June 25, 1943, and the attached "History of Special Case Program" dated May 15, 1943, Mr. Smith further criticizes the Criminal Division of the Department and this Bureau with reference to the handling of certain cases after December 28, 1941. He states that, prior to December 7, 1941, his Unit was assigning tentative dangerousness classifications on the basis of dossiers submitted by the Federal Bureau of Investigation and thereafter requesting additional investigation by the Federal Bureau of Investigation along definite and specific lines, which definite and specific requests produced reasonably prompt and effective action on the part of the Federal Bureau of Investigation. He then states that, on December 26, 1941, the Attorney General directed his Unit to transmit the cases to the Criminal Division after making the tentative dangerousness classifications so that the Criminal Division could examine the underlying material, direct further investigation, and consider appropriate action. Mr. Smith states that the Criminal Division adopted the practice of sending, to the Federal Bureau of Investigation a form request for a general investigation without specifying the exact investigation desired. According to Mr. Smith, the result of this practice of making general instead of specific requests of the Federal Bureau of Investigation was that the cases were not developed adequately, no action was taken, and the number of pending cases mounted steadily. Mr. Smith further points out that, in a memorandum to the Solicitor General dated July 10, 1942, he stated that the files indicated that, although the Criminal Division sent to the Federal Bureau of Investigation requests for general investigation as far back as December, 1941, no reply thereto had been made by the Federal Bureau of Investigation (as of July 10, 1942) and no further action had been taken, and that the files in numerous other cases referred by his Unit to the Criminal Division some months prior to July 10, 1942, did not indicate that any action had been taken or even that the request for general investigation had been given to the Federal Bureau of Investigation.

I do not have the list of cases attached to Mr. Smith's memorandum of July 10, 1942, in which this Bureau was allegedly delinquent, and, therefore, cannot state what the situation was in each case. I can only state generally that this Bureau would endeavor to respond just as quickly and effectively to a general request for investigation as it would to a specific and definite request, and that any delay which there may have been in investigating these cases was not due to the generality of the request but to other factors beyond the Bureau's control. Among these factors were the tremendous volume of investigations to be conducted and the shortage of personnel. You, of course, recall that in the period immediately following the attack on Pearl Harbor, it was necessary to concentrate on cases involving alien enemies, and that, in March, 1942, you

initiated the Naturalization Program, which this Bureau has endeavored to give preferred and continuous attention. It may, therefore, be true that in the period from December 7, 1941, to July 10, 1942, there were delays in some of the investigations involving alienage and citizens because of the pressure of more urgent work and the shortage of personnel.

Re: INDEX OF ALIEN ENEMY  
ALL DIMENSIONS

You will recall that the Alien Enemy Control Section maintains an index of all alien enemies apprehended, as well as an index reflecting the disposition of each apprehension. I am attaching hereto a sample card which could be used to consolidate the two indices, and all pertinent information would be in one index rather than in two.

I recommend the use of the attached sample card, and would appreciate being advised whether you approve consolidation of the two indices and the use of the attached card.

MEMORANDUM FOR THE DIRECTOR

RE: ALIEN ENTRY CONTROL

You may be interested in knowing that a digest of the dispositions received from the Department concerning alien enemies reveals a decided trend in releases and paroles. You will recall that the Department has established the policy of granting alien enemies rehearings and reviewing the files and changing the original disposition orders from internment to parole or release. The dispositions being received which change the original order of internment to parole or release affect in the most part the alien enemies who were apprehended in the early part of this program. Of the alien enemies who have been recently apprehended, the greater percentage are being ordered interned by the Attorney General.

The trend of dispositions is illustrated by the enclosed chart which analyzes the original dispositions received as to Germans, Italians and Japanese, and subsequent dispositions received changing the original disposition. Some of the highlights as to each nationality are as follows:

A comparison between the periods of July 1, 1942 to December 31, 1942, and January 1, 1943 to August 15, 1943, reflects that the percentage of original dispositions ordering the internment of German aliens has dropped from 51.62% during the former period to 45.97% for the past seven and a half months.

The subsequent orders, that is, those orders which have been issued by the Department as the result of their reviewing the files, indicate this trend even more clearly when out of 116 dispositions received during the latter half of 1942, 42 or 36.21% ordered internment, while from January 1, 1943 to August 15, 1943, only 77 or 22% of 350 dispositions ordered internment.

The decrease in percentage of original orders of internment for Japanese aliens between the latter two periods is slightly greater than in the case of Germans. The percentage dropped from 57.81% during the first period to 45.22% for the past seven and a half months.

The subsequent orders for Japanese indicate a decline from 19 or 38.73% of 49 orders during the second six months of 1942 to 57 or 18.39% for internment out of 310 subsequent disposition orders received from January 1, 1943 to August 15, 1943. An explanation for this small number of Japanese being restricted by internment may be found in the policy of the Department of paroling interned Japanese to Relocation Camps.

40 SEP 28 1943

While the percentage of dispositions ordering Italians interned during the past seven and a half months has increased slightly, from 23.98% to 29.35%, the latter percentage represents but 20 Italians, while the percentage for the preceding six months represents 94 Italians interned.

As had been anticipated, the subsequent dispositions of internment of Italians emanating from the Department has decreased from 18.75% during the latter half of 1942 to 6.38% for the period ending August 15, 1943. Both of these percentages represent but 9 subsequent dispositions.

On the basis of this trend, one may anticipate that a large percentage of aliens who were interned during 1942 will have been paroled or released by July 1, 1944.

Respectfully,

  
D. M. Ladd

MEMORANDUM FOR THE DIRECTOR

RE: MONTHLY REPORTS ON ALIENS

(a) The Chicago conference unanimously recommended that the monthly report required on the first Tuesday of each month showing the number of aliens arrested be eliminated.

At the Executives Conference Messrs. Glavin and Clegg recommended that this report be discontinued in view of the fact that the report is solely for Bureau purposes and is not forwarded to the Department or any other outside agency; the Department does not request it and it is an additional, unnecessary administrative report.

Messrs. Tracy, Quinn Tamm, Carson, Nichols, Acers, Hendon, Ladd, Mumford, Rosen, Coffey and Hince recommended that the monthly report be changed to a quarterly report in the future. They felt that the report was necessary to the Bureau for statistical and informative purposes but that quarterly would be satisfactory in the future.

(b) The Chicago conference recommended unanimously that there be eliminated the report which is submitted on the first of each month to the Bureau concerning alien enemy registrations and showing in detail:

1. The number of certificates of registration received according to nationality
2. The total number received since inception of this program
3. The number of registrations verified
4. The number remaining to be verified

It was pointed out at the Executives Conference that this entire program would be completed within three months of time. The Conference therefore, with the exception of Mr. Clegg, recommended that it be continued until completion.

Mr. Clegg felt that there is no more need for this report than there is for a separate report on all other classifications of cases and that it should be discontinued.

FOUR DEFENSE

(c) The Chicago conference recommended that there be discontinued the requirement that there be sent in with the administrative report each month a separate letter showing the number of investigations concerning travel violations by aliens.

100 Security Index Cards

*Butler* It is the present practice in field offices to send in supplementary information to be added to security index cards (formerly known as custodial detention cards) and the Bureau would add the information to its card in Washington and make a photostatic copy which would be returned to the field. The suggestion is that the field, when sending in the information will add the additional or supplemental information furnished to the Bureau on a 5x8 card and attach it to the security card already maintained in the field office, thus eliminating the photostating and returning of the data.
